A DIRECTOR.

The Globe of Friday says: "Mr. Thos Long has been appointed to succeed Sir Joseph Hickson on the directorate of the Merchants' Bank of Canada. Mr. Long is connected with some important business enterprises, and is the prudent and sagacious counsellor of several financial and insurance corporations. He has had a long and successful business career; he is cautious and conservative in his business methods, but enterprising and progressive when he has once determined his line of policy. The board of the Merchants' Bank is decidedly strengthened by Mr. Long's admission to the directorate."

Opinions are well and favorably
