Working on New Wharf.

Mr. Jackson, superintendent of construction for Mr. Jos. Battle, contractor for the new wharf, was in town on Thursday and Friday of this week commencing active operations on the new wharf. A gang of men were started at work preparing the timbers for the cribbing. In a few days a derrick will be erected and the actual work of building will be commenced. Mr. W. Battle is now in charge of the work on behalf of the contractor, while Mr. W. Simpson will look after the interests of the Department of Public Works.
